Santa is a huge fan of Star Wars, did you know that?

The Advent of CTF is brought to you by [NOVI Hogeschool](#). It is built by [@credmp](#). If you are looking for a Dutch Cyber Security Bachelor degree or bootcamp, [check us out](#). (Dutch follows) Als je al weet dat je een opleiding wilt volgen, neem dan [contact op met Valerie](#).

In the source code we find this comment:

```
<!-- This is an odd encoded thing right? YWR2ZW50X29mX2N0Zl9pc19oZXJl -->
```

Using Cyberchef we can decode this base64 encoded data.

Recipe

From Base64

Alphabet

A-Za-z0-9+/=

☒ Remove non-alphabet chars

Input

YWR2ZW50X29mX2N0Z19pc19oZXJ1

Output

advent_of_ctf_is_here

Password: advent_of_ctf_is_here

Knowing this we can login.
